Welcome to Your IELTS Speaking Practice File

Hi, I'm Onkarpreet Kaur,

For the past 10 years, I've been helping IELTS students improve their English skills and achieve their target band scores through practical strategies, real exam techniques, and consistent speaking practice.

Over the years, I've worked with students from different backgrounds — including those aiming to study abroad, apply for PR, or advance their careers internationally. One thing I've learned is this:

Most students do not fail IELTS because of poor English.

They struggle because they don't know how to speak confidently under exam pressure.

That's exactly why I created this file.

Inside, you'll find useful IELTS Speaking questions, ideas, vocabulary, and practice material designed to help you:

- Speak more fluently
- Avoid common mistakes
- Build confidence
- Improve your answers naturally
- Prepare smarter for the IELTS Speaking test

Whether you are targeting Band 6, 7, or higher, consistent practice with the right guidance can make a huge difference.

Thank you for downloading this resource — I hope it helps you move one step closer to your IELTS goal.

Wishing you success in your IELTS journey!

— ONKARPREET KAUR MALHI
